## November 2008 - Persecution and Thanksgiving

---

Susan and I want to personally **express our gratitude** for the response to our recent request for some financial help to keep this work going. Because of your response we are able to continue the work here and have helped several missionaries stay on the field serving the Lord. **THANK YOU!**

During November **we give thanks to God** for His many blessings and remember the rights and protections that we enjoy in a free country. But in our work here we were reminded again that those freedoms do not exist in many places around the world. In November we had several missionaries come for counseling and debriefing from restricted countries. One couple came after being **arrested for giving a Bible** to someone in their country. They were interrogated and had to leave their home and work and will have to serve in another location. Another missionary was **deported for "proselytizing"** in her country of service. She was treated harshly and interrogated for hours by the secret police. These are just some of the problems that Christians who share the "Good News" face on a daily basis in the places where they serve.

## Spiritual Warfare!

---

***When we are counseling Christian workers who are trying to share Christ in some of the darkest places in the world, we also come under spiritual attack.*** Recently while ministering to some of these workers mentioned above we had several weeks of multiple pressures come upon us. Among other things, we lost our phones and Internet for almost three weeks. When your work and family contact depend on the phone lines, losing them becomes a huge pressure. Many other pressures both in the work and back home hit us at the same time. ***But through your prayers and God's grace we made it through.*** We **CHERISH AND DEPEND** on your prayer support!

### Prayer Requests:

- Pray for Mike as he will be preaching several times at the church during the holiday season
- Pray for decisions that have to be made with Susan's mom and step-father who need to relocate to be near family
- Pray for our children who have special health needs

**THANKS FOR BEING THERE AND PRAYING,**

**MIKE AND SUSAN**
