

Impact Report 2024

A Message From the Executive Director

As I reflect on this past year, I do so with a deep sense of discovery and joy. My journey with One Another Ministries (OAM) began with a simple yet profound question: Is there a way my wife and I could care for missionaries—helping them navigate the challenges of international ministry and move toward thriving in both life and ministry? What I found in OAM was an organization wholly committed to that very mission.

At its core, OAM is a gospel-centered ministry. Since 1997, we have been dedicated to caring for those who care for the world. This is not just a phrase—it is our DNA. We firmly believe that the only true hope for the nations is found in a relationship with Jesus Christ. Over the past 27 years, thousands of missionaries have received care through our ministry, strengthening their spiritual, mental, emotional, family, and ministry health. The year 2024 was no exception.

This has been a year of both growth and transition. We welcomed new team members while bidding farewell to others. During our board and staff retreat, we reaffirmed our values and renewed our vision for the future. As we strengthen our base in England,

we are also prayerfully considering opportunities for expansion over the next decade.

God has blessed OAM with an incredible staff, a dedicated board of directors, and a strong foundation upon which to build. I am honored to be part of this vital work and deeply aware that none of it would be possible without our ministry, financial, and prayer partners. Because of your commitment, families are being equipped, couples are growing in intimacy, individuals are finding personal health, and the Kingdom work of evangelism, discipleship, and church planting is being strengthened worldwide.

Thank you for standing with us as we care for those who serve the nations for the sake of the gospel.

With gratitude,

“After twelve years on the mission field in a remote and tough ministry, my wife and I returned to the UK to settle our children into their work and school options. Our departure was traumatic due to team issues, and our marriage had suffered in latter years due to a number of reasons.

In late 2023, we attended a debriefing with Twala at One Another Ministries, which proved transformative. She guided us through a difficult but necessary journey, restoring our marriage and renewing our hope for future ministry. Twala’s professionalism, warmth, and God-given gifts made a lasting impact.

We are grateful for her dedication, even in a remote setting, and were encouraged to see others benefiting from her work. Supporting Twala and this ministry is a meaningful investment with eternal value.”

“Our time with Dorcas at One Another was impactful, encouraging, and a boon to our ministry. Her careful and wise approach focused on listening to and walking with us through our story. It was the first good listen we’d experienced in over 5+ years serving overseas. So profound was our experience of processing God’s faithfulness in the midst of our difficulties, we even began to dream again about the years to come in ministry. We received incredible hospitality, experienced restfulness despite the labor of emotional processing, and left deeply encouraged. As of today, we are now back on the field, experiencing the benefits of our time with Dorcas.”
